### Cost savings using Nu-Tec Stack Specific Test Joint

---

Rig rate:		\$200,000.00 per day/\$8,333.33 per hour
Rental cost for Stack Specific Test Joint:		\$345.00 per day
Estimated test time per ram and valve(s):		One Hour
Estimated test saved when using a Nu-Tec Stack Specific Test Joint: (Compared to Drill Pipe)		5 test
Estimated trip time save:		8 hours round trip
<i>Example:</i>		
Estimated time saved	=	13 hours saved per test
Money saved	=	\$108,333.29 per test/\$216,666.58 per month
<b>Money saved after rental of a Stack Specific Test Joint</b>	<b>=</b>	<b>\$206,316.58 per month</b>

---

Rig rate:		\$250,000.00 per day/\$10,416.67 per hour
Rental cost for Stack Specific Test Joint:		\$345.00 per day
Estimated test time per ram and valve(s):		One Hour
Estimated test saved when using a Nu-Tec Stack Specific Test Joint: (Compared to Drill Pipe)		5 test
Estimated trip time saved:		8 hours round trip
<i>Example:</i>		
Estimated time saved	=	13 hours saved per test
Money saved	=	\$135,416.71 per test/\$270,833.42 per month
<b>Money saved after rental of a Stack Specific Test Joint</b>	<b>=</b>	<b>\$260,483.42 per month</b>

---

Rig rate:		\$300,000.00 per day/\$12,500.00 per hour
Rental cost for Stack Specific Test Joint:		\$345.00 per day
Estimated test time per ram and valve(s):		One Hour
Estimated test saved when using a Nu-Tec Stack Specific Test Joint: (Compared to Drill Pipe)		5 test
Estimated trip time save:		8 hours round trip
<i>Example:</i>		
Estimated time saved	=	13 hours saved per test
Money saved	=	\$162,500.00 per test/\$325,000.00 per month
<b>Money saved after rental of a Stack Specific Test Joint</b>	<b>=</b>	<b>\$314,650.00 per month</b>

---

The above estimated cost savings are based on testing (3) Rams to one size, (2) Annulars to one size, (12) Choke and Kill Valves and the Top Drive Valves. Estimated savings may vary depending on your stack configuration.
