

Cost savings using Nu-Tec Universal Test Joint

Rig rate:	\$200,000.00 per day/\$8,333.33 per hour
Rental cost for Universal Test Joint:	\$300.00 per day
Estimated test time per ram and valve(s):	One Hour
Estimated test saved when using a Nu-Tec Universal Test Joint: (Compared to Drill Pipe)	5 test
Estimated trip time saved:	8 hours round trip

Example:

Estimated time saved	=	13 hours saved per test
Money saved	=	\$108,333.29 per test/\$216,666.58 per month
Money saved after rental of a Universal Test Joint	=	\$207,666.58 per month

Rig rate:	\$250,000.00 per day/\$10,416.67 per hour
Rental cost for Universal Test Joint:	\$300.00 per day
Estimated test time per ram and valve(s):	One Hour
Estimated test saved when using a Nu-Tec Universal Test Joint: (Compared to Drill Pipe)	5 test
Estimated trip time saved:	8 hours round trip

Example:

Estimated time saved	=	13 hours saved per test
Money saved	=	\$135,416.71 per test/\$270,833.42 per month
Money saved after rental of a Universal Test Joint	=	\$261,833.42 per month

Rig rate:	\$300,000.00 per day/\$12,500.00 per hour
Rental cost for Universal Test Joint:	\$300.00 per day
Estimated test time per ram and valve(s):	One Hour
Estimated test saved when using a Nu-Tec Universal Test Joint: (Compared to Drill Pipe)	5 test
Estimated trip time save:	8 hours round trip

Example:

Estimated time saved	=	13 hours saved per test
Money saved	=	\$162,500.00 per test/\$325,000.00 per month
Money saved after rental of a Universal Test Joint	=	\$316,000.00 per month

The above estimated cost savings are based on testing (3) Rams to one size, (2) Annulars to one size, (12) Choke and Kill Valves and the Top Drive Valves. Estimated savings may vary depending on your stack configuration.
